To: Nathaniel Young <Nathaniel.Young@camden.gov.uk>
Subject: 2021/3704/P

Dear Nathaniel

Please note my objection to this proposed development on the grounds of:

impact on residential amenity (at Chenies Street Chambers, which the residents have already set out better than I can in their responses);
the lack of contribution to affordable housing;
and the overbearing nature of the proposed rooftop extension in terms of the building form.

Regards

Adam Harrison
