Dear Sir/Madam

### **DECISION**

Town and Country Planning Act 1990 (as amended)

#### **Householder Application Granted**

Address:  
**Garden Flat**  
**48 Priory Road**  
**London**  
**NW6 4SJ**

Proposal:  
Erection of a glazed greenhouse in side garden facing Abbey Road  
Drawing Nos: Location Plan, Proposed Elevation, 48 Priory Greenhouse Map,  
Greenhouse Specifications

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans- Location Plan, Proposed Elevation, 48 Priory Greenhouse Map, Greenhouse Specifications

Reason: For the avoidance of doubt and in the interest of proper planning.

- 3 All trees on the site, or parts of trees growing from adjoining sites, unless shown on the permitted drawings as being removed, shall be retained and protected from damage during construction work in accordance with the guidelines and standards set out in BS5837:2012 "Trees in Relation to Construction".

Reason: To ensure that the development will not have an adverse effect on existing trees and in order to maintain the character and amenity of the area in accordance with the requirements of policies A2 and A3 of the London Borough of Camden Local Plan 2017.

Informative(s):

- 1 Reasons for granting permission.

The proposed development is for a greenhouse located at the side of the property at the corner of Priory and Abbey Roads. It will be 1.9m x 1.93m in footprint, 2.3m high at ridge and 1.8m high at eaves. The materials used are standard for this type of development (glass and metal).

While this proposal is in a prominent position facing the road, only its pitched roof will be partially visible from the road as the ridge is 0.51m above the boundary wall height. The modest size and simple lightweight nature of the structure, its use of materials of metal and glazing and its location against a large flank wall will ensure that its bulk and visual impact will be minimal in this context. The visible use of the greenhouse for planting will further help blend it into the garden landscape. Thus the greenhouse will not harm the character and appearance of the adjoining property, streetscene and conservation area.

Its location and nature of foundations are unlikely to harm any adjoining trees.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area, under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

The proposal is not considered to cause any adverse impacts on the amenity of adjoining residential occupiers.

One objection has been received prior to making this decision. This and the planning history of the site has been taken into account when coming to this decision.

As such, the proposed development is in general accordance with policies A1, D1 and D2 of the Camden Local Plan 2017. The proposed development also accords with the London Plan 2021 and the National Planning Policy Framework 2021.

- 2 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (tel: 020-7974 6941).
- 3 This approval does not authorise the use of the public highway. Any requirement to use the public highway, such as for hoardings, temporary road closures and suspension of parking bays, will be subject to approval of relevant licence from the Council's Streetworks Authorisations & Compliance Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No 020 7974 4444). Licences and authorisations need to be sought in advance of proposed works. Where development is subject to a Construction Management Plan (through a requirement in a S106 agreement), no licence or authorisation will be granted until the Construction Management Plan is approved by the Council.
- 4 All works should be conducted in accordance with the Camden Minimum Requirements - a copy is available on the Council's website (search for 'Camden Minimum Requirements' at [www.camden.gov.uk](http://www.camden.gov.uk)) or contact the Council's Noise and Licensing Enforcement Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No. 020 7974 4444)

Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You must secure the approval of the Council's Noise and Licensing Enforcement Team prior to undertaking such activities outside these hours.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraph 38 of the National Planning Policy Framework 2021.

You can find advice about your rights of appeal at:
