The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely

as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policies D1 and D2 of the London Borough of Camden Local Plan 2017 and policies DH1 and DH2 of the Hampstead Neighbourhood Plan 2018.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans:

1.100.100; 1.100.101; 1.200.100; 1.200.200; 1.200.400; 3.090.100; 3.090.200; 3.090.201; 3.200.100; 3.200.200; 34951: Sheet 1 of 3 October 2021; Sheet 2 of 3 October 2021; Sheet 3 of 3 October 2021; Sheet 1 of 1 October 2021; Sheet 1 of 2 October 2021; Sheet 2 of 2 October 2021.

Reason: For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reasons for granting permission:

The proposed single glazed sash windows will be replaced with double glazing like for like in terms of their scale, siting, material and detailed design. The plans were updated to show integral glazing bars which is acceptable. The side doors and the front porch windows will be replaced with a more simplistic design within the same openings which is considered to be an improvement. All new fenestration would be timber. It is noted that the property is screened by a high brick front boundary wall and views of the doors and porch windows would be limited. The development in terms of siting, scale and detailed design is not considered to cause harm to the character and appearance of the host property, streetscene or wider conservation area.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the Conservation Area, under s.72 of the Planning (Listed Buildings and Conservation Area) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

Given that the replacement fenestration will have the same scale and siting and the existing doors are already glazed, the proposal is not considered to cause harm to the amenity of any neighbouring properties in terms of loss of light, outlook or privacy.

No objections were received prior to making this decision. The planning history of the site and surrounding area were taken into account when coming to this decision.

As such, the proposed development is in general accordance with policies A1, D1 and D2 of the Camden Local Plan 2017 and policies DH1 and DH2 of the Hampstead Neighbourhood Plan 2018. The proposed development also accords with policies of the London Plan 2021 and of the National Planning

Policy Framework 2021.
