

Application No:	Consultees Name:	Received:	Comment:	Response:
2021/3033/P	G Callus	02/11/2021 13:11:35	COMMNT	<p>There are revised drawings on this application, although it does not explain the extent to which the underlying application has been amended (in particular, whether the solar panels on the roof which were part of the original plan - although the application of 26 June 2021 ticks 'no' to whether it involves 'solar energy' in Section 30 <i>z</i> have been abandoned).</p> <p>These revised drawings were submitted on 19 October 2021, and the consultation is said to conclude tomorrow (3 November 2021), but no notice of the revised drawings or the new consultation period was (as far as I'm aware) notified to existing objectors, which risks being procedurally unfair.</p> <p>On 9 October 2021, I wrote to the Council's Planning Department to ask if this website was up-to-date (in not showing that planning permission had been granted), as it appeared that construction of the Outbuilding for which permission is sought was already underway. No response has yet been received to that email.</p>
