2021/4004/P	Russ McGinn	01/11/2021 23:11:30	SUPPRT	<p>Murray Mews has to some extent been caught in a Conservation Area dragnet principally designed to preserve the character of Camden Square and it's surrounding 19th Century properties.</p> <p>Camden and Murray Mews, have embodied an innovative and creative spirit since there initial 1960s construction. They are laboratories of architectural experiment which are, in some important respects, ill-served by a designation intended for another purpose. In my view, it is this spirit which should be preserved and enhanced.</p> <p>The periodic renewal, renovation and adaptation of properties on the Mews is therefore to be encouraged, and the modest and well thought out proposals contained within the application proposals, sit within that ethos and have my support.</p>
