2021/4646/T	B A Abraham for The Belsize Society	07/10/2021 15:43:48	OBJ	For the Belsize Society: this mature birch tree appears to be partially visible from Fellows Road and it forms part of a cluster of trees between Fellows Rd, Steeles Rd and Eton Rd, providing an environmentally-friendly green canopy in an area close to the traffic noise and pollution of Adelaide Road and Haverstock Hill. The tree with the benefits it offers to the whole neighbourhood should take priority over the garden wall. The garden wall will need repair and reconstruction anyway and this should be carried out in a manner that accommodates the birch tree.
