2021/5020/L	C. Dille	31/10/2021 17:53:03	INT	<p>We broadly welcome the plans for the Old Sorting Office and particularly commend the intention to remove the parking spaces at the front to make this a 'car-free' facility, as drop-off by vehicles would be dangerous at this location. One improvement that we strongly urge is the restitution of the railings on the left-hand side of the frontage, which were previously removed to accommodate parking; this would restore the symmetry of the Edwardian-period frontage and provide additional security for bicycle storage on that side.</p> <p>C.
