2021/4305/P	Christina	31/10/2021 23:52:21	OBJ	Greetings, England Lane is already a very busy street with several shops that are in hospitality. Business wise this would adversely affect local business that has been here for years. This creates significant congestion on parking, which about to get worse as Haverstock hill loses its parking for a cycle lane. It is also very noisy especially at rush our with cars getting stuck and honking incessantly. We also have an issue with the businesses that always leave their rubbish out in the front. This has increased the incidents of foxes and rats tearing through the bags in search of food and leaving an unsanitary mess. We cannot afford to burden. In addition, the street is mainly residential with flats just above and opposite the proposed shop. I am very concerned about the noise, the antisocial behaviour that comes with drinking and attracting petty or more serious crimes especially with Primrose hill closing at night. We have already had several such instances of harassment on the street and lots of clearly addicted alcoholics roaming up and down hurling abuse to people; having more places to drink is not ideal in a residential area. Many thanks

The planning application does not take into consideration of the people who need to go to work in the early mornings. This will contravene the peace and quietness for my tenants at 14 Englands Lane and Chalcot Gardens, NW3. The late night usage of the wine bar will also increase the levels of rubbish being left on the pavements subsequently making the areas look scruffy and potentially hazardous to health eg rats, foxes. I urge you to reject this application based on the above and for the well-being of the residents in the area.

Our waste are not been collected by the council, adding more will not help. Also when the new cycling lanes on Haverstock hill everyone will try to park on Englands lane so its gonna get much worse.
