Subject: 29 Priory Terrrace NW6- trees

Dear Tom & Nick

We are currently working at the above mentioned address carrying out a refurbishment, extension and landscaping.

We've had an Arboricultural report carried out which suggests that we remove some small trees in the rear garden.

We are advised to give you notice before we remove them. Please see attached drawings and tree report. We wish to remove the Laurel, 2 x photonia and the cabbage palm.

Please would you allow us consent for the removal? We are on site and would like to proceed as quickly as possible.

Kind regards

James Little
