**Subject:** Block D, Richbell Carpark

To whom it may concern,

It has come to my attention that you are planning to build a new housing block in the carpark of the Richbell tower (WC1N 3LA). I live in the Springwater tower and I am concerned that this development would significantly impact the amount of light that my flat would receive. [REDACTED]

Therefore, with this email I would like to register my disapproval of the proposed development and request that alternative arrangements be made.

Kind regards,  
Victoria Anns
