Dear Miriam

I have now had an opportunity to inspect the proposed revisions in respect of the garden building at 43 Compayne Gardens.

- 1) CRASH is pleased that the mature acacia tree is now to be retained. CRASH also notes the small reduction in the height of the roof .
- 2) CRASH retains its objection to the metal single-pitch roof, and is disappointed that the applicant has not taken the opportunity to introduce a flat 'green' roof. By and large, our original comments/objections remain valid.

Thank you for giving us the opportunity to make further comments on this application.

Kind regards

Alan Mason
Vice-Chairman CRASH

Dear CRASH,

We have had some changes to the design at 43 Compayne Gardens which you have previously objected to, including a change to the materiality of the roof. I would like to invite your further comment. Main revisions are that the acacia tree is now to be retained and the roof materiality has changed.

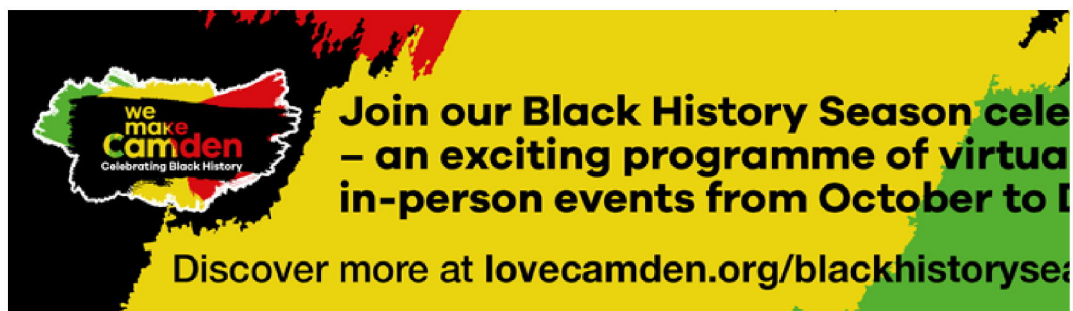

I do not have updated documents in their entirety yet but wanted to give you a heads up. Your previous comments of course will still be considered.

Kind regards
