Roof extension at 9b A	gamemnon Road, Londo 19th October, 2021 (Pre	n, NW6 1EB for which a Pre-Pl -Application no. 2021/5105/NEV	lanning Application was sent to the Camder	n Council in early September	
The proposed extension has been designed as a new studio on the side roof above a current bathroom and toilet at the rear of 9b Agamemnon Road. It will be accessed through an existing window to the rear of my maisonette which looks onto the area to be reconstructed. The window will be replaced with a transparent fire-proof access door. The extension is designed to maintain the characteristics of the existing buildings from the garden facing side and will not be visible from the street.					
The studio will be used as a home office and also as a music studio for the composition and adaptation of violin pieces (there will be no noise impact as head phones are used). The construction of the extension will enable more work to be done at home and reduce the need to travel, thereby by having a positive impact on the carbon footprint.					
Has the work or change	e of use already started?			☑ Yes	

7. Further information ab	out the Pr	oposed Developmen	t			
Are the proposals eligible for the	'Fast Track R	oute' based on the affordat	ole housing threshold and other	er criteria?	No	
Do the proposals cover the whole	e existing build	ding(s)?		Yes	No No
