Please note in regard to:

- Fire Statements - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. View government planning guidance on fire statements or access the fire statement template and guidance.
- Permission In Principle - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- Public Service Infrastructure - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or view government planning guidance on determination periods.

Description

Please describe details of the proposed development or works including any change of use and details of the proposed demolition.

Minor alterations to the side elevation and rear elevation in association with the internal refurbishment works; including the conversion of a fixed glass window bay to a new door entrance, addition of high level ventilation windows for the basement on the side elevation; alterations to the window/door opening locations and size on the rear elevation.

Ground floor layout change involving relocation of the entrance lobby, and conversion of the two existing bedsit rooms to become one self-contained studio. Parts of the existing basement space to be utilized as amenity spaces with a new internal staircase.
