

Subject: 2021/3190/P 3 Gray's Inn Square: Objection

Dear Obote,

The BCAAC objects to the above planning application. On a site visit we noted the uniformity of the square. The roof line is uniform and there are no stand-out alterations or any dormer windows on all 4 sides. Adding dormer windows to one property would upset the uniformity of the square and the well preserved roof scape. It would set an unwelcome precedent for future incremental and unplanned alterations.
