2021/4221/P	B A Abraham for The Belsize Society	16/11/2021 13:09:30	OBJ	For The Belsize Society: This mature attractive sycamore, protected by a TPO, makes a major positive contribution to the streetscape and every option should be explored to preserve it. The tree should be given priority over the boundary wall. The garden wall will clearly need to be rebuilt and it should be reconstructed in a manner that accommodates the tree. There are plenty of examples in the Belsize area of adjustments made to walls of different types to accommodate the growth of trees. If necessary, Camden Council should co-operate with the owners to preserve the tree, if the solution involves any encroachment on to the pavement.
