2021/4792/P	Jackie Prooth	17/11/2021 07:51:15	OBJ	<p>Again we hear of this disturbing development for commercial kitchens. There has been no regard taken that this is right in the middle of a residential area.</p> <p>Opposition, from the start has been registered with Camden Planning, only to be totally ignored. The smells and disregard to all aspects of this proposal beggars belief, from the delivery of food to the kitchens (noise, smells), finally to delivery of the food to customers.</p> <p>Their moped drivers, e-bikers and cyclists have proved to be a menace on the roads in the area, completely obvious to other road users and utterly dangerous. There are a lot of children around,</p> <p>Will it take fatalities to realise this venture is not acceptable.</p> <p>I think your planning team must rethink this obnoxious scheme.</p>

2021/4792/P	Elaine Chambers	17/11/2021 10:35:06	INT	<p>I'm not happy about the bushes along our rose walk pathway on Swiss Cott. green being used as a toilet. Camden has more conventional ways to water the plants. I didn't feel I could take photographs for fear of enraging the 'bathroom' activities of the young men so disposed. It also leaves me curious as to who might purchase food from these young men/boys who haven't washed their hands! Seeing this has made me determined never to purchase food from Deliveroo. I've nearly been knocked over by the speedy cyclists racing passed and the intimidation of near close contact as they swipe by so close. At some point someone is going to get hurt if this is not stopped. The group gatherings outside the library are intimidating. I am OBJECTING to this proposal.</p>
