The proposal is to extend an existing lower ground floor studio into an adjacent lightwell by means of a single storey glazed structure with a retractable glazed roof.

Does the proposal consist of, or include, a change of use of the land or building(s)?

C3 - Dwellinghouses

Is the proposed operation or use ☒ Permanent ☐ Temporary

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

We believe that the proposed extension is permitted development on the basis of:

- The extension is less than half the area of land around the "original house".
- The extension is no higher than the highest part of the existing roof; or higher at the eaves than the existing eaves.
- Although within two metres of the boundary, the height at the eaves does not exceed three metres.
- The extension is not built forward of the 'principal elevation' or, where it fronts a highway, the 'side elevation'.
- The single-storey rear extensions does extend beyond the rear wall of the original house by more than four metres.
