| 2021/4513/P | David Crook | 21/11/2021 11:45:51 | OBJ | <p>We strongly object to the addition of the heat pumps. These create noise and we observe that they are right by two of our children's bedrooms. We live next door, in the adjoining property.</p> <p>It may be that the pumps have other unpleasant effects, but we don't have sufficient details to judge that. We would like to know full details.</p> <p>We note the installation of the pumps was not been discussed with us, despite our being the next door neighbour. We had not noticed this item in the application, but were warned by other neighbours who were concerned this would be vexing for us.</p> |
