2021/4545/P	H Holmes	23/11/2021 15:48:08	COMMNT	This retrospective planning application is a gross overdevelopment of the site. The existing swimming pool at ground level has been excavated to include a swimming pool and tank room at basement level. Basements in the area would alter the water table and water flow. Also it impacts on the ecological benefits of the open space in the garden.
