2021/4815/P	A Chandler	19/11/2021 17:08:15	OBJ	<p>I object to the proposed change of use to take-away - there are already multiple takeaways and cafes operating as takeaways within a very short distance of this site and we already suffer negative impact from these on our residential road both from litter and from the delivery drivers who use Miller Street and Mornington Street all the time.</p> <p>I strongly object to the provision of a serving hatch in Miller Street as it will make it even harder to walk past the delivery riders etc. who are already congregating here in ever increasing numbers. The fact that the applicant believes a serving hatch will improve congestion on the High Street indicates that they are aware congestion will be caused in the adjacent passage way instead, which is used by many residents as a short-cut (some of whom find it difficult to walk, or have children, buggies and shopping to deal with).</p> <p>There is a children's playcentre immediately adjacent to the rear of this unit (on the Three Fields Estate) along with numerous flats whose residents already suffer considerably from night-time noise, fumes and litter resulting from takeaway provision close by and the delivery drivers who service them. Another one is not going to make this any better and the cumulative impact is increasingly intolerable.</p>
