2021/5041/P	Francoise Findlay, Chairman of Elsworthy Residents Association and member of BCAAC	29/11/2021 15:35:54	OBJ	An extension in similar scale to the neighbour's at 151B would be acceptable. However the additional double height glazed extension on the East side of the house is gross overdevelopment and will cause serious light pollution for the flats above and next door and even for houses in Wadham Gardens. It demonstrates no respect for the original design of the house and despite the variety of extensions permitted along King Henry's Road this would be the worst example. It is hoped that there is still some effort made to preserve or enhance this conservation area for posterity.
