

Section 1 Key Plan

1 Proposed Section through Oak Village & Lamble Street
1:500

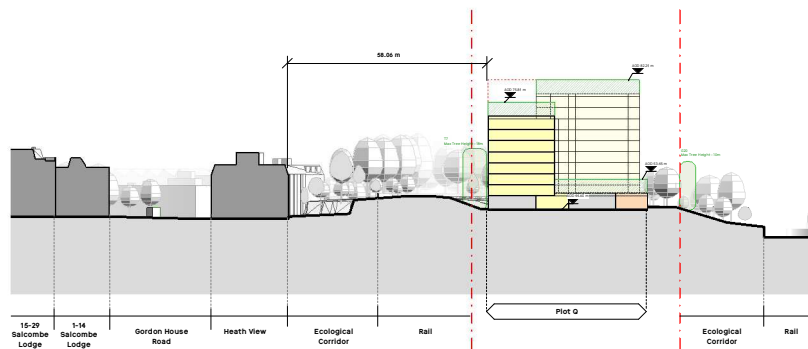

Section 2 Key Plan

2 Proposed Section through Meru Close & Murphy's Mews
1:500

Section 3 Key Plan

3 Proposed Section through Heath View
1:500

General Notes

1. The applicant must ensure that the proposed development complies with all applicable planning regulations and conditions. 2. The applicant must ensure that the proposed development complies with all applicable planning regulations and conditions. 3. The applicant must ensure that the proposed development complies with all applicable planning regulations and conditions.

Notes

1. Section 115(1) of the Resource Management Act 1991 applies to this development. 2. The applicant must ensure that the proposed development complies with all applicable planning regulations and conditions.

Legend

- Section 115(1) Line
- Outline Application Boundary
- - - Outline Section Parameter

Plot Zone Allowance
The maximum plot zone allowance is identified to ensure the extent of the vertical building envelope.

Other Plot Zone A, B and C, Plot 1 and C.
The height of the maximum section is identified for each plot. Other plot zone allowances are generally provided within the site plan within the application.

Other Plot Zone Allowance
Other plot zone allowances are provided to ensure that the proposed development complies with all applicable planning regulations and conditions.

Refer to the applicant's site plan for further details.
Refer to the applicant's site plan for further details and information regarding the proposed development.

Use Classes

- Residential (C2)
- Office (O2)
- Light Industrial - (I2)
- Light Industrial - Ancillary (I2A)
- Healthcare (H2) and/or (H3)
- Retail and/or Commercial (C2) and/or (C3) and/or (C4) and/or (C5) and/or (C6) and/or (C7) and/or (C8)
- Community (H2) and/or (H3)
- Open
- Key Buildings
- Key Trees
- Key of the Site

Key Buildings
Key buildings are identified to ensure that the proposed development complies with all applicable planning regulations and conditions.

Key Trees
Key trees are identified to ensure that the proposed development complies with all applicable planning regulations and conditions.

Key of the Site
Key of the site is identified to ensure that the proposed development complies with all applicable planning regulations and conditions.

Plot Zone Allowance
Plot zone allowance is identified to ensure that the proposed development complies with all applicable planning regulations and conditions.

Building Envelope
Building envelope is identified to ensure that the proposed development complies with all applicable planning regulations and conditions.

Other Plot Zone Allowance
Other plot zone allowance is identified to ensure that the proposed development complies with all applicable planning regulations and conditions.

Other Plot Zone Allowance
Other plot zone allowance is identified to ensure that the proposed development complies with all applicable planning regulations and conditions.

Other Plot Zone Allowance
Other plot zone allowance is identified to ensure that the proposed development complies with all applicable planning regulations and conditions.

Other Plot Zone Allowance
Other plot zone allowance is identified to ensure that the proposed development complies with all applicable planning regulations and conditions.

Other Plot Zone Allowance
Other plot zone allowance is identified to ensure that the proposed development complies with all applicable planning regulations and conditions.

Other Plot Zone Allowance
Other plot zone allowance is identified to ensure that the proposed development complies with all applicable planning regulations and conditions.

Other Plot Zone Allowance
Other plot zone allowance is identified to ensure that the proposed development complies with all applicable planning regulations and conditions.

Other Plot Zone Allowance
Other plot zone allowance is identified to ensure that the proposed development complies with all applicable planning regulations and conditions.

Other Plot Zone Allowance
Other plot zone allowance is identified to ensure that the proposed development complies with all applicable planning regulations and conditions.

Other Plot Zone Allowance
Other plot zone allowance is identified to ensure that the proposed development complies with all applicable planning regulations and conditions.

Other Plot Zone Allowance
Other plot zone allowance is identified to ensure that the proposed development complies with all applicable planning regulations and conditions.

Other Plot Zone Allowance
Other plot zone allowance is identified to ensure that the proposed development complies with all applicable planning regulations and conditions.

Other Plot Zone Allowance
Other plot zone allowance is identified to ensure that the proposed development complies with all applicable planning regulations and conditions.

Other Plot Zone Allowance
Other plot zone allowance is identified to ensure that the proposed development complies with all applicable planning regulations and conditions.

Other Plot Zone Allowance
Other plot zone allowance is identified to ensure that the proposed development complies with all applicable planning regulations and conditions.

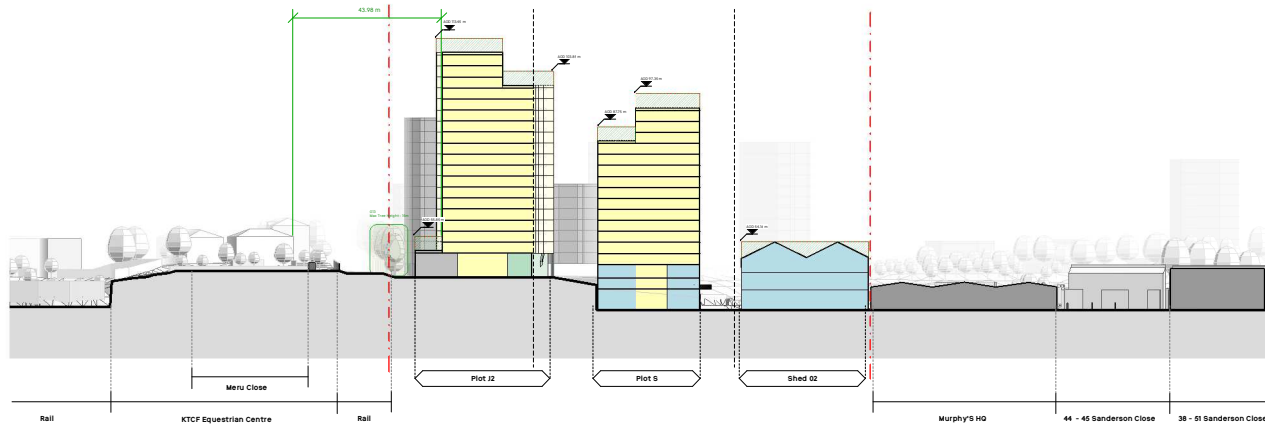

Section 1A Key Plan

Distance between Meru Close and Plot J2

Section 1B Key Plan

1a Proposed Section through Meru Close and Plot J2
1 : 500

1b Proposed Section through Meru Close & Plot J2
1 : 500

General Notes

1. The applicant is responsible for obtaining all necessary consents and approvals from the relevant authorities. The applicant is also responsible for ensuring that the proposed development complies with all applicable laws, regulations, and standards.

Notes

- Section Line
- Outline Application Boundary
- Outline Maximum Parameter
- Plot Zone Allowance
- Other than Plot 9, Plot 12 and C, the height of the structures within a plot shall not exceed the maximum height of the plot zone allowance. This is generally provided within a plot zone allowance in the zoning scheme or the zoning scheme.

Refer to the applicant's final design code and other relevant documents which accompany this application for further information regarding the proposed development.

- Use Classes
- Residential (C0)
- Office (O1)(O2)
- Light Industrial - (I1)(I2)
- Light Industrial Ancillary Spaces
