

- KEY:**
- Existing fabric
 - Proposed elements
 - Roof replaced - existing roof is in disrepair, to be removed and replaced with existing slates and new slates to match existing where retention not possible
 - Asphalt roof repaired and re-finished in Bitumen flat-roof system
 - Paving relaid where unsecure and replaced where damaged or missing
 - Extents of existing risers
 - Balconies repaired and resurfaced
 - Lightwells cleaned and decorated
 - Modern stair removed & new floor installed in same place as original
 - Original plan form restored
 - Out of Scope
- Existing external metal railings:**
To be repaired and redecorated where required. Railings to be thoroughly cleaned
- Existing ceiling rose / ceiling decoration:**
To be retained and restored where necessary
- Existing cornicing:**
Existing cornicing to be redecorated.
- New cornicing:**
New cornicing to be formed where existing has either been damaged or has been removed or is missing. Cornicing to match that of the room in which it is situated.

NOTE:

Proposals to the building that take place in all places and provide heritage benefits, that are not shown on this drawing, include the following:

- All floor finishes removed and replaced with new flooring
- All modern light fittings removed and replaced with light fittings that are in keeping with the heritage asset and compliment the existing features including cornicing and ceiling roses
- Existing Mechanical and Electrical equipment which visually detracts from the heritage asset are proposed to be removed. A new distribution route is proposed with routes and access locations designed with the heritage asset as a priority.
- Existing sash Windows repaired
- Facade repairs - refer to external work drawings for further details.
