Hi,

We just came to know about the application for an extraction duct at 21-23 Short's Gardens. Based on our bad experience with extraction duct coming from Homeslice for few months, with no maintenance, no taking in account of residents' complains, **we strongly object any installation of new extraction system** in the area unless:

- we know what kind of products will be made,
- what kind of particles/odour will be extracted,
- what are the commitments in term of maintaining the system

Thank you for taking in account our views.

Mr Mrs LACH
