2021/4792/P	N. Walmsley	03/12/2021 12:32:21	COMMNT	I object to these plans. Deliveroo deliveries and riders cause congestion on the already overloaded Finchley Road. From time to time it causes a smell at the top of Belsize Road and delivery cyclists frequently careen down the Belsize Road slope at high speeds. This is a quiet residential road and some of the riders are a danger to themselves and other residents and pedestrians. I have seen them riding without lights at night, using mobile phones while carrying heavy loads in their back, and cutting into traffic lanes in a dangerous manner. The site they have chosen for their business is much too close to residential property for a busy distribution centre.
2021/4792/P	Asia Mohamud	04/12/2021 14:04:14	OBJ	<p>Dear Camden Council,</p> <p>I am writing to object to the proposed planning permission for Deliveroo street kitchens on Finchley Road. As a Swiss Cottage resident who lives within a very short walk to the proposed site, I am deeply concerned about its potential for creating food waste on the street which will inevitably attract mice and rats. I am also concerned that the smell will make living in my current home, unbearable. I have read a lot about these kitchens and I have seen photographs of the mess that they leave behind. I am also concerned about the extra traffic and noise pollution that this hub will cause.</p> <p>Thank you for your time.</p> <p>Kind regards,</p> <p>Asia Mohamud</p>
2021/4792/P	Alan	04/12/2021 13:47:53	OBJ	I strongly object to Deliveroo extending their kitchen facilities in Swiss Cottage. This application should never have been extended anyway. The general nuisance caused to nearby residents is truly dreadful : smell, noise, dumped rubbish and ill-disiplined delivery drivers. This is not an appropriate place for such industrial activity at all hours. .
2021/4792/P	Emanuela Arvati	05/12/2021 21:30:50	OBJ	<p>This area of Finchley road is pretty busy already with traffic and the addition of this business would increase flow causing even more congestion in a residential area. Furthermore if food is cooked in the area it might bring issues with smell, rodents etc.</p> <p>Deliveroo bags and kits have been found dumped in the Regis recycling centre which shows that there is little interest in following the rules or care for the environment. I think a full permission would be a mistake.</p>
