Dear Rav/Lutfi

G19 is the moribund cypress to be felled followed by mitigation tree planting; the 2.11 notification refers to this tree alone.

All other trees within the rear garden, including '*Ornamental Planting (G5) - fell because of poor quality landscape stock and unsuitable given the development proposal. Elderberry (T7) and Sycamore (T8) trees to be removed followed by mitigation tree planting with associated works to other trees on site*'

Are dealt with by a separate planning Application Lutfi is responsible for.

Kind Regards

Alan Engley
