2021/4983/P	CRASH	08/12/2021 09:34:13	OBJ	<p>I write on behalf of CRASH (Combined Residents' Associations of South Hampstead) to object to this application. Quite apart from the fact that the applicant is proposing to add an extension to an substantial existing extension, we object to the absence of even the most basic information to comment on the proposal. There is no D&A Statement. There is no proper location plan. There are no drawings or other details of the proposed garden shed. Most importantly, the elevations submitted only show the existing & proposed ground floor. Without full-height elevations it is impossible to judge how the extension relates to the building as a whole. The information provided by the applicant is woefully inadequate. The Council is asked to refuse the application on the basis that the proposal cannot be judged due to lack of information.</p>
