2021/5573/P	Mrs. L Kogan	08/12/2021 15:52:14	OBJ	<p>I have viewed the proposed plans for the roof terrace. Whilst I appreciate that it is suggested that railings and proposed planting along the perimeter will prevent overlooking, it clearly does not prevent users of the roof terrace from overlooking all the back gardens surrounding the building. The resident and any users of the proposed roof terrace will have direct line of sight not only into our back garden, but more disturbingly into our kitchen (which has glass French doors leading into our garden) and our dining room. This is not an acceptable situation for us. We strongly object to this proposal as it constitutes an invasion of our privacy.</p>
