| 2021/4585/P | Lucy Findlay | 09/12/2021 10:54:12 | OBJ | I write to object to this re-application for additional off-street parking. The addition of planting/regreening one side of the current hardstanding area is welcome. However the application runs counter to Camden's policies - it provides additional parking, it removes habitable space from the property in the basement by converting it to parking, it presents a greater danger to pedestrians through additional vehicles crossing the pavement crossing. The application runs counter to Camden's own policies - T2 and A1 |
