**ADVICE from Primrose Hill Conservation Area Advisory Committee**  
12A Manley Street, London NW1 8LT

1 December 2021

**33 Gloucester Crescent** 2020/5891/L

We welcome the less invasive solution to the structural problems of the porch (see our advice of 20 January 2021).

Given that this is a Listed building in an important group of Listed buildings within the conservation area and that the front porches are of considerable significance both individually and in the group, no consent should be granted until a full survey of the existing fabric has been recorded to ensure that any reconstruction accurately matches the existing (and adjoining) structures.
