Dear Tony,

Hope you have been well.

Further to our correspondence below, we have now prepared three revised drawings. Please see attached:

- Proposed Plan CD-133-20-G00 Rev C;
- Existing & Proposed External Elevations CD-133-28-G00 Rev C; and
- Signage Details & Shopfront Sections CD-133-28-G01 Rev C.

In terms of illumination, both fascia signs will have external illumination only. In terms of the shopfront, a door has been reinstated as per the existing arrangement.

I trust these revisions fully address the matters you raised below. Please do let me know if there are any queries or further comments.

Kindest regards,

Viktorija
