Hi Patricia ,

I went online today to make an objection to the above application which is situated on the 2nd Floor of the house where I have lived for the last 20 years .

I received a copy of the Article 13 notice dated 26th October 2021 which was delivered by hand on the 10th November 2021 by UPP Architects .

The attached Notice was put up outside the property at some time last week giving until the 3rd January 2022 to make an objection .

When I tried to do so today the website did not recognize the details as shown and when I phoned the Planning Officer today she was not available .

My objections are twofold :

Firstly there is no precedent for a dormer window with a balcony or terrace at the rear of this section of King Henrys Road and secondly there is an issue that the proposed balcony would overlook the Office at the end of my garden which has existed for 19years and also the velux windows in the roof of the rear extension living room and the garden itself .

Could you please advise me what I should do next as I do not wish to miss the last date for putting my views forward ?

Many Thanks ,

Anthony G Blount
