2021/5245/P	Anthony G. Blount Dip Arch Tech	13/12/2021 18:03:36	OBJ	<div></div> <p>I wish to object to this proposed application as the "Dormer Window with Balcony" situated at the rear of the property would cause an issue of overlooking into the Velux windows situated in the roof of the rear extension to my property which includes the Living-room.</p> <p>The office at the end of the garden which was not shown on the Drawings submitted by the applicant UPP Architects and Town Planners would also be overlooked as would the garden, and that of several adjoining adjoining properties including a pre-school educational facility.</p> <p>There is currently no precedent for such a development along the entire length of this section of King Henrys Road and this could set an unwelcome precedent in this area .</p>
