2021/5854/P	Benjamin Mire, Trust Property Management	15/12/2021 06:23:10	INT	<p>The drawing "Existing Rear Elevation South" is inaccurate as it does not show opening doors to refuse cupboards that open on to a communal garden. The drawing "Proposed Rear Elevation South" is accurate as it shows those doors being removed. Please note the difference and please make it a condition of any permission that an accurate as existing drawing be substituted in the record and that the doors be removed/closed in.</p>
