Dear Sofie Fieldsend,

RE: 2021/3029/P

Please find enclosed the requested images relating to the proposed new front door and gate. The images below have been compiled to provide a comparison between that which was detailed on the consented application (ref: 2020/1945/P) and the newly proposed NMA application (ref: 2021/3029/P).

Figure 1 Consented scheme (ref: 2020/1945/P) with polyester powder coated, aluminium-clad front door and gate; seams at wider intervals (approx. 900mm).

Figure 2 Proposed scheme (ref: 2021/3029/P) with polyester powder coated, aluminium-clad front door and gate; seams at shorter intervals (approx. 100mm).

I trust that this is clear but if not, do not hesitate to contact me with any queries.

Kind regards,

Sam Wood
