2021/5750/P	Julian Bier	19/12/2021 15:34:32	SUPPRT	<p>We strongly support the application. We live on Keats Grove just a stone's throw away from the property. We are very pleased to see that someone is finally going to restore the house that is a blight on the road and transform the terrible garage behind it.</p> <p>The scheme proposed appears to be very considerate and thoughtful. We don't recall ever seeing a scheme that incorporates as much foliage onto the proposed structure. Surely it will be a welcome visual change for all neighbours.</p> <p>The cosmetic changes to the townhouse are very welcome in particular the glass extension.</p> <p>The basement does not seem disproportionate for the size of property and it should be welcomed that the parking is being moved underground.</p> <p>We hope the council approves the application with urgency so that the house will no longer be a blemish on the street.</p> <p>Sincerely</p>
