2021/5750/P	Oliver Sloboda	22/12/2021 07:50:18	SUPPRT	I am writing in support of the proposed improvements to the house and development of the garage behind. As a long-term Hampstead resident, living in close proximity to the site, I believe that the changes would be much welcomed by the surrounding community and I am surprised that the Hampstead Forum have objected to a proposition that will transform possibly the most neglected building on the street into a clean and tidy modern townhouse. The rear development would be a significant and material improvement on the existing garage and provide a very large amount of welcome greenery to the space which surely the surrounding neighbours would appreciate.
