

North Bridge House Prep School, 1 Gloucester Avenue, London NW1 7AB

Operational Management Plan for Use of Roof Terrace for Outdoor Teaching and Science Garden December 2021

Item	Subject
1.	<p>Introduction</p> <p>This Operational Management Plan has been prepared by MACDONALD Planning Consultancy in conjunction with the Head at North Bridge House Prep School.</p> <p>The Operational Management Plan seeks to explain the use and controls the school proposes for the proposed roof terrace science garden, within the application site at 1 Gloucester Avenue.</p> <p>Although the roof terrace is a small area and is set between existing school buildings, it provides valuable outside teaching and science garden space for the school.</p> <p>This Operational Management Plan seeks to set out controls not only on the use but also on the times the pupils will use the roof terrace to allow the Council to condition and control the future use.</p>
2.	<p>Operational Management Plan For Roof Terrace As Outdoor Teaching Space</p> <p>The roof terrace would be used for structured outside teaching and as a science garden for pupils at the school only. Pupils will always be fully supervised and will be taught in this location. There would be no outside or non school use of this roof terrace. There will be no play. The hours of use of the roof terrace would be strictly controlled by condition of the planning permission through planning condition to the following:</p> <p>Morning Use</p> <p>10.00am to 12.00am</p> <p>Afternoon Use</p> <p>14.00 to 16.00pm</p> <p>There would be no use at any other times and the use of the roof terrace will cease at 16.00pm every day, Monday through to Friday.</p> <p>There is no evening or weekend use.</p>
