2021/5349/P	J mills	26/12/2021 15:34:55	OBJ	<p>Re planning application 2021/5349/P for 22 Tanza Road. I live in 56 Parliament Hill, and am concerned that this project appears to be disruptive to the neighbors nearby. The erection of the 2 storey side (right outside our bedroom view) may lead to a loss of privacy/worsen our view of the neighborhood. The excavation beneath the footprint of the building for an enlarged basement seems like an invasive & disruptive project that will be very loud. This project is so large, it seems like it could stretch into 2023, and will have a daily negative impact on all other neighbors living nearby.</p> <p>I propose the project be scaled down, or at a minimum the construction be done only within working hours (between 9-5 on weekdays, and weekends prohibited), and noise be kept to a minimum. I work remotely from my flat, and I'm not looking forward to be greeted with construction noise right outside my bedroom & office for the next year plus.</p>
