Subject: Fwd: Application Ref: 2021/6127/T Dated 16,December,2021 re Notification of Intended Works to Tree in Conservation Area (Fell to ground of Willow Tree)

> Dear Sir/Madam,

> I refer to the above notice and am writing to object to this.

>

> We overlook the garden of 37C,Fitzjohns Avenue where this Willow tree is planted.

>

> It is a lovely tree which has been a part of this beautiful garden for many years, the serenity of which we have enjoyed for a long time.

>

> Trees are an inherent part of Hampstead which contribute to the character of this area as are the rear gardens.

>

> The Council should discourage these practices instead of agreeing to them. Where will this end if a precedent is set of allowing the chopping down of healthy trees ?

>

> We see no reason for the removal of a perfectly healthy tree.

> Regards,

> Ovais Halim,

> 37a,Fitzjohns Avenue,

> London, NW3 5JY
