Fao Kate Henry

Hello I would like to make some preliminary concerns about the proposed work Outlined for 8 a Hampstead hill gardens .

I am the director of eight Hampstead hill gardens Ltd , the maintenance company For 8 Hampstead hill gardens which adjoins 8 a .

I have called a meeting of the other owners of the flats in our building Which because of the time of the year cannot take place until early January which The developer is aware of .

Our main concern is whether the underground evacuation might affect the Foundations of our building and we are going to have to hire an architect To advise us we whether our fears on this point are valid .

Our building is owned by 8 Hampstead hill gardens Ltd the owner shareholders Include some who live abroad and others who reside in the flats or who let them out It is rather short notice at this time of year to bring together the owners of our building who might want to make further comments about the other proposed Alterations .

I request an extension of the deadline for comments to say January 24 enabling our owners who will be most affected to have their say.

Please let me know if the extension is possible and register our concerns over The possible negative effect to our building foundations .

Regds
