2021/5543/P	Robert Osborne	04/01/2022 12:50:27	OBJ	I object strongly to this change of use and think it should be refused. As a local resident living on the square I know, from past experience, that this change of use is likely to lead to a significant reduction in local amenity bringing rubbish and crowds blocking entrances to the square. There is no need for additional outlets of this sort - there is already the cafe for refreshment and also the hotels; there is a surfeit of souvenir shops already. This application would adversely affect all these elements.
2021/5543/P	Simon Elmer	04/01/2022 07:52:13	OBJ	I strongly object to the application to change the use of the telephone box to retail use. The telephone box does not suit such a use and further, detracts from the historic nature of the Square. It also has a negative impact on other retail uses, in particular the Cafe Tropea, which has continued to trade throughout the pandemic whenever possible and should be protected from unnecessary competition. I am also aware that a number of businesses around Russell Square would be willing to adopt the telephone box, keep it in good order and put it to a good community use.
