2021/5632/P	Karine Pearson	31/12/2021 17:15:33	OBJ	<ol style="list-style-type: none">1. The proposal says this is to 'replace the existing derelict garden shed with the new one which is to be erected in a more suitable and secluded area of the garden'. There is no existing derelict garden shed.2. The proposal description of this building is a 'shed', but its intended use is stated as 'a storage place for garden tools and furniture which can also be used as a children's play room' - the two uses described are not compatible. It would appear that this is, in fact, a proposal for a garden room, with glazed doors and window - similar constructions are advertised as 'a garden office' by commercial firms. The objection is that this proposal will be used as an additional habitable room to the property which would cause noise and privacy disturbance to neighbours.3. The scheme does NOT blend in within the local area or use materials matching existing.
