- 3 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policies D1 and D2 of the London Borough of Camden Local Plan 2017.

Informative(s):

- 1 Reasons for granting permission-

The application seeks to replace the existing slate roof of 29 Cumberland Terrace Mews with new Welsh slate roof tiles. The proposals also include the installation of insulation within the roof, which would raise the ridge height by approximately 25mm. No other alterations are proposed.

The use of Welsh slate tiles to replace the existing roof slates at the property is welcomed and considered an appropriate and high quality material choice for a Grade 1 listed building such as this. The proposed roof slates and vents are therefore considered to be sympathetic to the setting of the mews building and the historic significance of the principal building at 55 Cumberland Terrace. Furthermore, the marginal increase in height of the existing roof ridge is considered acceptable and would not cause harm the character and appearance of the host building or the surrounding conservation area.

The proposed works would not cause harm to neighbouring amenity in terms of loss of light, outlook or privacy.

No objections were received following statutory consultation. The planning history of the site and surrounding area were taken into account when coming to this decision.

Special regard has been attached to the desirability of preserving the listed building and its features of special architectural or historic interest, and of preserving or enhancing the conservation area, under s.66 and s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

As such, the proposal is in general accordance with policies D1, D2 and A1 of the Camden Local Plan 2017. The proposed development also accords with the policies of the London Plan 2021 and National Planning Policy Framework

2021.
