Dear Tom,

Further to my conversation with your colleague earlier today I am attaching some pictures of a tree in our garden that I am keen to remove. As you will see it is leaning quite a bit and I would like to remove it in case it weakens further and causes damage to the wall and our neighbours garden. I understand that the tree is covered by a TPO so could you please advise what permission I require from the council to remove the tree please.

It is located at Garden Flat, 44 Parkhill Road, London, NW3 2YP.

I look forward to hearing from you.

Kind regards,

David Zwirn
