Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Full Planning Permission Refused

Address:

**Pavement Corner of
Shaftesbury Avenue and Earlham Street
London
WC2H 8JA**

Proposal: Installation of a new phone hub unit following removal of existing kiosk as part of wider proposals to replace Infocus telephone kiosks.

Drawing Nos: Site Maps and Visuals (A01600); Cover letter dated 30th April 2021; Pre Application response by Camden Council dated 27/07/2020; List of existing and proposed kiosks; existing site locations; proposed site locations; Communication Hub Management Plan dated 1st October 2020 ; Camden Small format Digital Advertising Specification; Sustainability aims and achievements; suggested conditions and reasons and Pavement Remediation

The Council has considered your application and decided to **refuse** planning permission for the following reason(s):

Reason(s) for Refusal

- 1 The proposed telephone kiosk, by reason of its location, size and design, would add to visual clutter and detract from the character and appearance of the streetscene and the wider conservation area, contrary to policy D1 (Design) and D2 (Heritage) of the London Borough of Camden Local Plan 2017.

- 2 The proposed telephone kiosk, by virtue of its location, size and design, adding unnecessary street clutter, would reduce the amount of useable, unobstructed footway, which would be detrimental to the quality of the public realm, cause harm to highway safety and hinder pedestrian movement and have a detrimental impact on the promotion of walking as an alternative to motorised transport, contrary to policies G1 (Delivery and location of growth), A1 (Managing the impact of development), C6 (Access for all) and T1 (Prioritising walking, cycling and public transport) of the London Borough of Camden Local Plan 2017.
- 3 The proposed telephone kiosk, adding unnecessary street clutter, by reason of its scale, location and design would create increased opportunities for crime in an area which already experiences issues with crime, therefore the proposal would be contrary to Policy C5 of the London Borough of Camden Local Plan 2017.
- 4 In absence of a legal agreement to secure the removal of the existing kiosks and a maintenance plan for the proposed kiosk, the proposal would be detrimental to the quality of the public realm, and detract from the character and appearance of the streetscene, contrary to policies D1 (Design), G1 (Delivery and location of growth), A1 (Managing the impact of development), C6 (Access for all) and T1 (Prioritising walking, cycling and public transport) of the London Borough of Camden Local Plan 2017.
