

Attention Mr. Ewan Campbell

Dear Mr Campbell-

Happy New Year and hope all is well. I have tried your number on the yellow board, to no avail being kept on hold for far too long. I have only just learned about this application for proposed development and received **NO LETTER/NOTICE from the Camden Council despite being an owner. (I would appreciate an explanation for this lack of notice.)** I write as an owner of 14B Avenue Road, and shareholder of Watertrade that is the Common ground owner of the #14 Compound.

I VEHEMENTLY and CATEGORICALLY object to this Renovation which is not only in violation of the Deed of Covenant the Owner signed with the Common owner of #14 Compound but also threatens the safety and stability of the compound. This development, and I write this as an engineering expert:

1. Introduces unmanageable and unacceptable stress to compound and neighbourhood utilities;
2. Introduces unmanageable and unacceptable stress to compound and neighbourhood parking;
3. Introduces unmanageable and unacceptable higher occupation density to the # 14 compound, including habitation and traffic.

For these and other reasons, I post my clear objection and reserve all rights.

Please contact me if further information needed.

Dato Ir. Dr. Dennis Ganendra
