| 2021/6074/P | Robert Croydon | 10/01/2022 10:39:19 | COMMNT | <p>We have lived at 6 Meadowbank since 2017.</p> <p>My concern is that the roof extension should have been packaged with the basement conversion for planning. It is wrong they have applied seperately. I would ask them to re-submit everything as a single proposal as clearly they are trying to "game" the system by getting one approved first, as clearly it is going to be the same people doing both bits.</p> <p>My other concern is that this much contruction work will have a detrimental on the street for pedestrians, children playing, and also for noise/traffic issues.</p> |
