

1. LORENTO marble steps:

- colour: Perlino (cream tone)
- thickness: 50mm

Lorento is a superb marble that is regarded as one of the most luxurious stones available. This sawn edge stone has been gently tumbled to create a classic look while the white mottling and delicate veining add to the rich aesthetics.

4. Permeable Stone Setts:

- cut from a mid-grained, beige to biscuit coloured sandstone
- subtle banding and granular appearance
- sawn on six sides then lightly tumbled to give a gentle finish

2. HADDONSTONE cast stone paving slabs:

- colour: off-white
- offered in four standard sizes, but can be cut to a unique specification
- the joints can be mortar pointed, in case a clean architectural appearance is required
- the slabs can be laid unpointed, edge to edge, if a softer appearance is required

5. RESIN BONDED AGGEGATES Resin Paving (parking area):

- 10mm chestnut brown rounded gravel
- provides good drainage

3. Bricks (front wall)

- colour: grey (same as current)

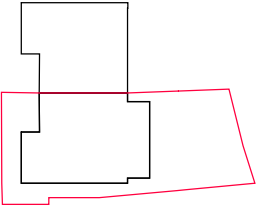

6. Railings:

- standard vertical bar railings
- colour: black
- material: galvanised steel
