Subject: Query about thinning tree in front garden of 24 Gloucester Crescent  
NW1 7DL

Dear Sir or Madam,

I would be grateful for your help regarding the silver birch in the front garden of 24 Gloucester Crescent, NW1 7DL. We would like to thin out the crown of the tree. In the past we have been given permission to cut back up to 30% of the crown. The areas previously thinned have now grown back. I am not sure if we need to reapply for permission to carry out the same work or if the previous order is still valid. I think the tree is not subject to a tree preservation order and, having read the guidance on your website, I am not certain how to proceed.

I am keen to make sure we follow the correct procedure and I would be grateful for your advice.

Thank you for your help

Sarah Gentleman
